

**IN THE SPECIFICATION**

Applicant agrees to change the term "press plate" as "curved substrate" suggested by Examiner and the specification is amended as following changes:

1. The first paragraph in Detailed Description of the Preferred Embodiment:

"press plate 15" in line 14, page 3 is changed to "curved substrate".

"cutting base 29" in line 26, page 3 is corrected as "cutting base 20"

2. The second paragraph in Detailed Description of the Preferred Embodiment:

"press plate 15" in line 7, line 15 and line 17 respectively on page 4 is changed to "curved substrate".
